Sorry for this late email. We have applications for the 8 mainstem dams, Grand Coulee and Dworshak. We expect to have applications from Chief Joe and Albeni Falls by the end of this or Jan 2020.

Jenny:

Thanks.
Who do we have dam permit applications from?
8 mainstem dams and Grand Coulee?

ml

Hey Mary Lou, I'll give John the final word, but on the CWR report, we're in the process of reviewing comments and deciding how we want to edit them. We got comments from Yakama, Umatilla, WDFWm ODFW, NWEA, Riverkeeper, Fish Passage Center, among others. John has the almost complete list in his email last week. We're aiming to issue the final report in spring 2020 (April?).

Re dam permits, we have the permit application for Dworshak, and expect Albeni Falls and Chief Joseph by the end of the year or in January 2020.

Importance: High

John and Jenny:

Can you please give me updates on your work by 11am tomorrow.

I am speaking for Dan at a Columbia River Fed Exec Meeting tomorrow and we agreed that it would be important to give an update on your two projects.

For the Dams update, I need the permit applications that we have received in addition to the 8 Mainstem dams. Albeni Falls? Dworshak? Chief Joseph?

For the CRR report, I noticed that you guys had compiled the comments, what are the next steps?

Thanks, ml
